

Save your Campaign as a Template

Have you ever spent time creating the perfect web campaign? You can now save it as a template for easy re-use in the future.

1. Go to **Web Campaigns**.

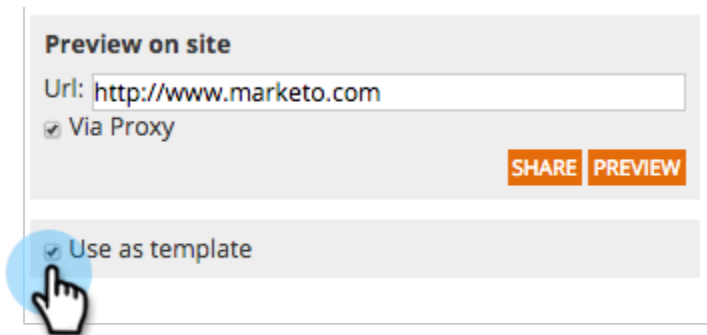

2. Search for the campaign you want to save as a template.

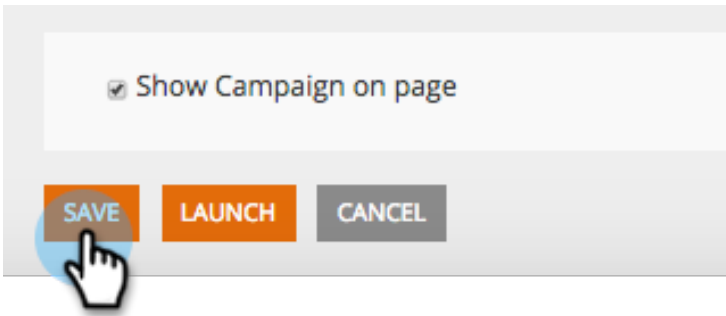

3. Click the **Edit** icon.

4. Check **Use as template** and click **Save**.

5. That's it! Next time you create a campaign and select template, check **My Templates** in the Set Campaigns page to see the templates you saved.
