

Web Pages Viewed, Web Page Activity Report

From a [Web Page Activity report](#), you can see the specific pages that were viewed by the people in the report.

Prerequisites

To capture activity from your web site in Marketo, you first need to [set up Munchkin on your site](#).

1. In your [Web Page Activity report](#), click the number in the Page Views column.

Lead	First Visit (PDT)	Page Views	HTTP Referrer	Entry
Jimbo Meyer Marketing strategist	Sep 26, 2008 10:...	138	Google: lead nurturi...	/blog,
Jeff Rhodes Director of Sales Invenio Marketing Solutio...	Apr 9, 2009 10:5...	17		/real-
Dominick Doyle Website and eMarketing Adm... PBC Linear	Feb 8, 2010 2:45 ...	1	http://www.marketo...	/you-

2. You're there! A new window opens, showing the list of pages on your site that the person visited, and when.

Filter: Web Activity
