

Campaign Actions: Delete a Smart Campaign

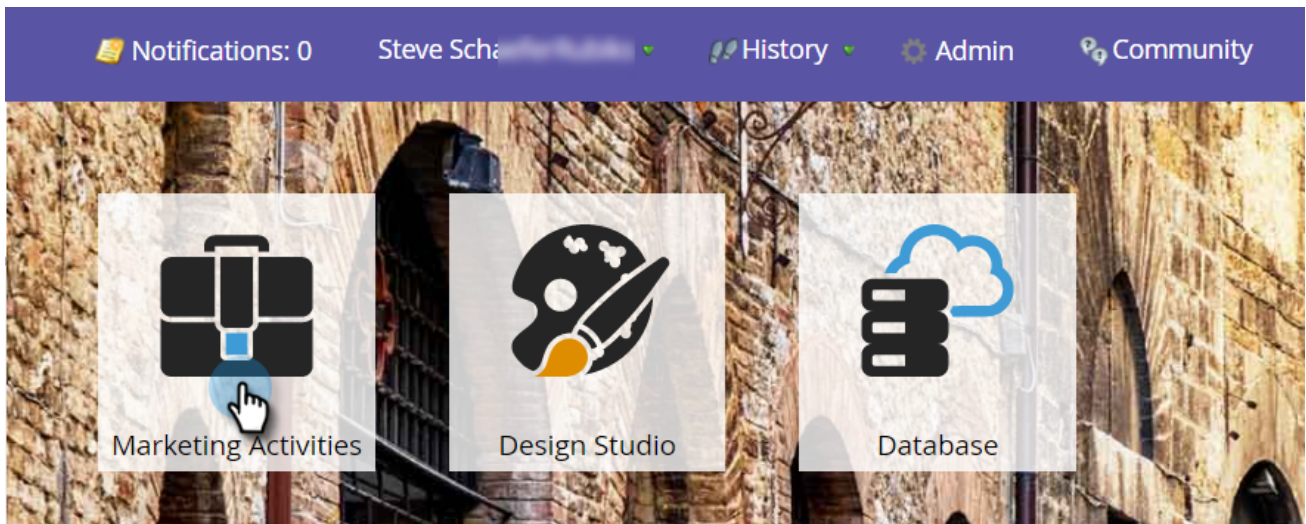

If you have an old smart campaign that you don't need anymore, you can delete it. Here's how.

Caution

Be sure before you delete. Once you delete a smart campaign it cannot be restored.

1. Go to the **Marketing Activities** area.

2. Navigate to your inactive smart campaign. Under **Campaign Actions**, click **Delete**.

Tip

To cancel processing of an active smart campaign without deleting it altogether, learn how to [abort a smart campaign](#).

3. Click **Delete** to confirm.

Caution

Do **NOT** delete an active smart campaign with people in the flow steps. The campaign will likely still execute.

Nice!
