Q4 - 2018

As of October 5, 2018, Sales Engage no longer has a Command Center section in the tree:

Note

The Command Center tab itself remains.

As of the [Fall '18 Release](#), the following Web Personalization features are no longer available:

When creating [web segments](#), you are no longer able to define your segment by **specific visits**.

1 - Visits

Specific visits ▾ Equals ▾ 1

Firmographics
Known Leads
Behavioral
Visits
Search Terms

In the Web Campaign editor, you are no longer able to select **notify** (via email) as an option.

Redirect
* Redirect to the target url on segment match You cannot preview a redirect.
