

Change the Expiration Time for URLs in Report Emails

Admin Permissions Required

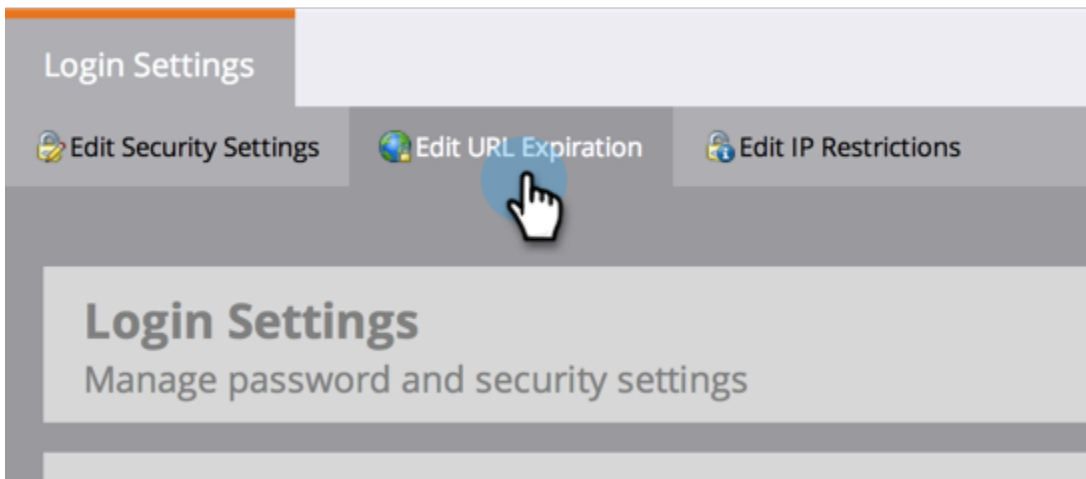

Links in your report subscription emails expire after three days. In order to change the expiration time for these links, follow these steps.

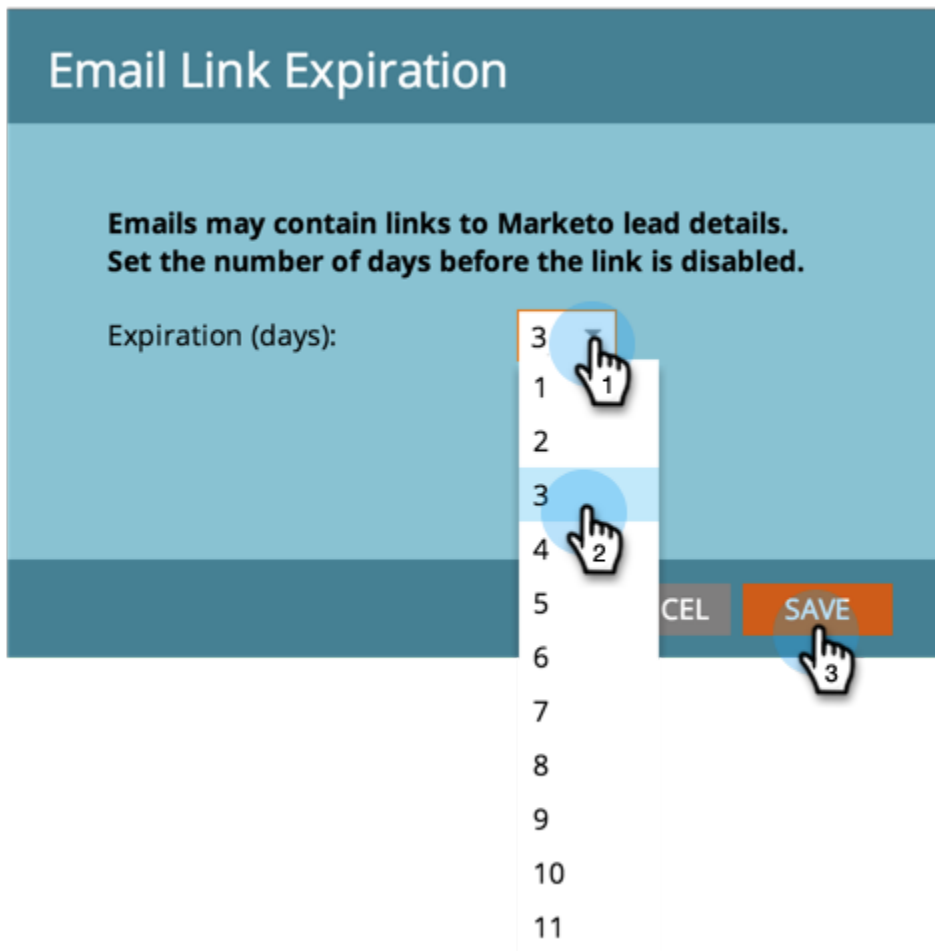

1. Under **Admin**, click on **Login Settings**.

2. Click on the **Edit URL Expiration** button.

3. Select from the drop-down menu how many days before the link expires. Click **Save**.

Cool, you have edited your email link expiration settings.

Reminder

Remember, these only apply to links in reports and alerts, not marketing emails.
