

# Issue a License

You'll need to set users up with a license to use ABM. Here's how to do that.

## Note

The number of available licenses will vary based on your subscription. If you need more, please contact your sales rep.

1. Click **Admin**.

2. Click **Users & Roles**. Select the user to issue the license to, click the **Issue License** drop-down, and select **Account Based Marketing**.
